NEVER SETTLE OUR PHILOSOPHY

'Never Settle' is about understanding our users' root problems and making the best product decisions to solve them. It's not about tipping the scale towards one extreme end, but rather finding how to create the best day to day experience.

[LEARN MORE ABOUT OUR PHILOSOPHY](#)

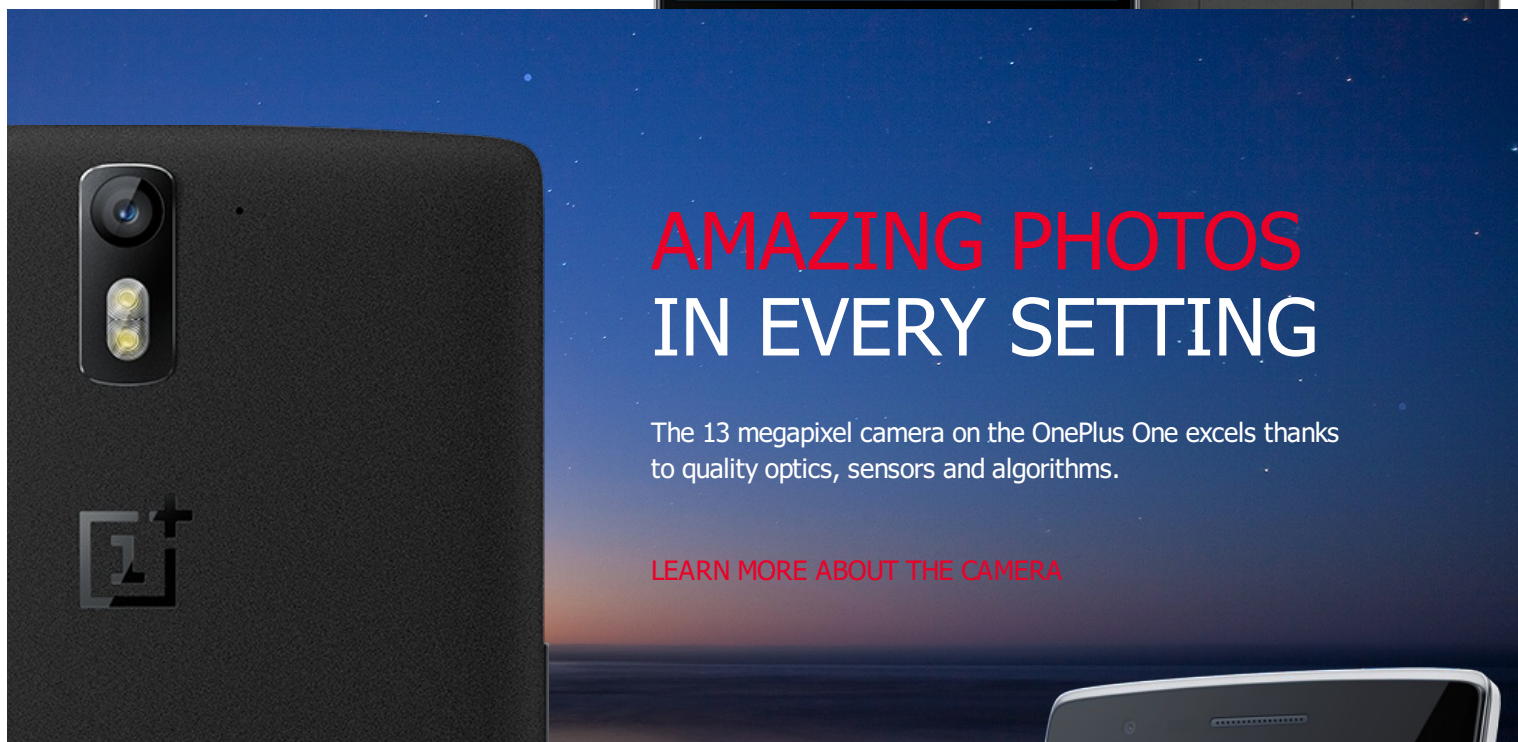

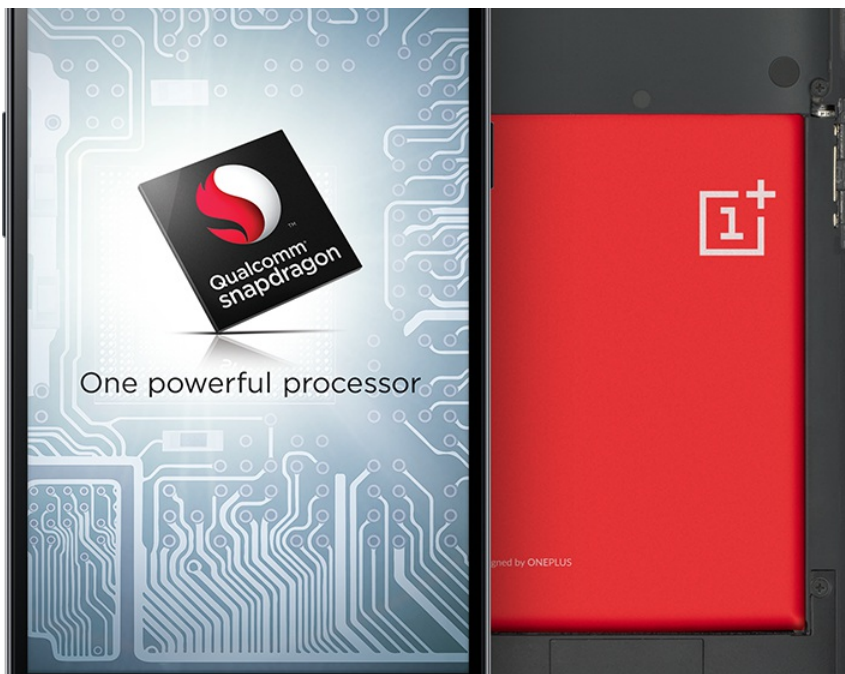

POWER AND

ENDURANCE COMBINED

The powerful Qualcomm® Snapdragon™ 801 processor with global 4G LTE is coupled with an immersive 5.5" 1080p display for over a day's worth of battery life.

[LEARN MORE ABOUT PERFORMANCE](#)

AMAZING PHOTOS IN EVERY SETTING

The 13 megapixel camera on the OnePlus One excels thanks to quality optics, sensors and algorithms.

[LEARN MORE ABOUT THE CAMERA](#)

UNIQUE, USEFUL AND HIGH QUALITY FEATURES

We focused only on features that would truly improve the OnePlus One experience such as Voice Wakeup, and On Screen Gestures.

[LEARN MORE ABOUT FEATURES](#)

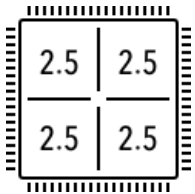

FAST, LIGHT AND SECURE

The OnePlus One comes with a special version of CyanogenMod (based on Android™), designed for the One. It's fast, light, secure and will receive updates for at least 2 years.
